Dear Mr Cousins,

Thank you for contacting the office of Adam Bandt MP. My name is Elliott and I am responding on behalf of Adam.

Adam and the Greens have long been very vocal on cracking down on the big banks. These banks have disproportionate market power and have been getting away with bad behaviour. The current penalties have not been enough to deter them.

The Greens are calling for a Royal Commission into the banks so that we can fully expose the problems in the sector, and have recommendations issued to government on how to clean it up.

Unfortunately, Adam cannot help you with your specific matter. I wish you the best of luck and hope that you achieve a just resolution.

Yours sincerely,

Elliott Westbury
